

Planna

CONTRIBUTIONS TO LEED

Transforming regular offices into high-performing work environments is just one part of our mandate. Doing so in an environmentally intelligent way is the other.

Here you will learn how Planna contributes to the following LEED Certifications:

LEED NC - New Construction

LEED CI - Commercial Interiors

LEED EB - Existing Buildings

Planna Contributions to LEED NC

Materials & Resources

Credit 2.1	Construction Waste Management (Divert 50% from disposal) Office Specialty furniture is delivered with recyclable corrugated cardboard packaging which can be sent to recycling facilities available in most cities.	1 Point
Credit 2.2	Construction Waste Management (Divert 75% from disposal) Office Specialty furniture is delivered with recyclable corrugated cardboard packaging which can be sent to recycling facilities available in most cities.	1 Point
Credit 3.1	Materials Reuse (5%) Planna is designed to be easily reconfigured to suit changing needs of customers as well as to adapt into newer spaces. All new products from Office Specialty are designed to integrate with existing products.	1 Point
Credit 3.2	Material Reuse (10%) Planna is designed to be easily reconfigured to suit changing needs of customers as well as to adapt into newer spaces. All new products from Office Specialty are designed to integrate with existing products.	1 Point
Credit 4.1	Recycled Content— 5% (post-consumer + 1/2 pre-consumer recycled) A typical Planna station consists of approximately 33% recycled content. This breaks down into 20% pre-consumer and 13% post-consumer recycled content.	1 Point
Credit 4.2	Recycled Content— 10% (post-consumer + 1/2 pre-consumer recycled) A typical Planna station consists of approximately 33% recycled content. This breaks down into 20% pre-consumer and 13% post-consumer recycled content.	1 Point
Credit 5.1	Regional Materials: 10% Extracted, Processed & Manufactured Regionally Office Specialty can supply products for which extraction and manufacturing is done within a 500 mile radius of many project sites.	1 Point
Credit 6	Rapidly Renewable Materials Planna can be provided with rapidly renewable materials like wheat-board and strawboard for file fronts to obtain points against this credit.	1 Point
Credit 7	Certified Wood Planna can be provided using FSC certified wood cores and veneers that are provided through Nienkamper, our wood worksurface and file front provider..	1 Point

Indoor Environmental Quality

Credit 4.4	Low-Emitting Materials, Composite Wood Planna products can be provided with powder-coated wood drawer fronts that are made from formaldehyde reduced MDF which helps with this credit that requires use of composite wood and no formaldehyde core materials.	1 Point
-------------------	---	----------------

Innovation & Design Process

Credit 1.1-1.4	Innovation & Design Office Specialty partners with designers and clients to deliver innovative product solutions to meet project strategies that contribute towards innovation credits.
